All - there is a strong possibility that I will not be able to make today's BID meeting. I am at the County board hearing on homeless and will testify in support.

If I can testify soon, will head over. Going forward, we need to keep the homeless issue on the agenda. Our plan also has to incorporate the number of policy changes that the city and county are adopting.

Today alone, the county is going to vote on 47 recommendations.

Will try my best to get there.
